AccessABILITY
STUDENT UNION

We are a cross-disability student group. We are students with disabilities and allies who believe that disability can be a valued and celebrated part of identity and community.

OUR MISSION.

1. To raise awareness on campus about disabilities and disability culture.
2. To advocate for equal access in physical, academic, and social environments.
3. To have fun and support one another.

WHAT WE DO.

Union activities include: holding regular meetings to plan and socialize; organizing awareness events that involve films, panels, or cultural activities; and inviting locally and nationally recognized speakers with disabilities to UO to share their experiences.

WHY TO JOIN.

To become a part of a rewarding organization that works to enhance UO community and culture. You will have the opportunity to meet and collaborate with others, plan important events, and have fun in the process.

EDUCATION.

ADVOCACY.

SUPPORT.
